THE MINISTER OF STATE IN THE MINISTRY OF FOOD AND CIVIL SUPPLIES (SHRI RAM PUJAN PATEL): (a) There has been an over-all favourable reaction to the Prime Minister's warning against the steep rise in prices of essential commodities. The *Cement producers* have agreed to roll back their ex-stockists price to the level of 31st March, 1990. As per reports received by Government, the prices of cement have started coming down to the desired level. In case of *sugar,* organisations such as the Bombay Sugar Merchant's Association have appreciated the action taken by the Government and have assured to cooperate with the Government in regular flow of supply of sugar in the open market. The prices of sugar have already softened in recent weeks. In the case of *Steal,* the Joint Plant Committee which is a producers' body fixes the prices of certain steel items produced by the integrated steel plants; there has recently been no steep increase in the steel prices of the main producers. *Tea* prices have been kept under check as a Jesuit of discussions held by the Monitoring Committee on Tea Prices of the Ministry of Commerce with the representatives of industry and trade, who have cooperated in the matter.

(b) and (c) There are already legislations, namely (i) The Essential Commodities Act, 1955; and (ii) The Prevention of Black-Marketing and Maintenance of Supplies of Essential Commodities Act, 1980. No further legislation is therefore contemplated.
